Publishers of Pennsylvania History, a quarterly, and the Pennsylvania History Studies Series

The Pennsylvania Historical Association, in cooperation with local and regional historical societies and agencies, seeks to advance the study of Pennsylvania's heritage. It is the only statewide historical society now active in the Commonwealth. By its publication of the quarterly journal Pennsylvania History, a series of pamphlets known as The Pennsylvania History Studies, and its annual meetings held successively in different parts of the state, the association stimulates scholarly activity and arouses popular interest in the state's history.

The association's invitation is a broad one. It appeals to all those in Pennsylvania who are interested in history, regardless of whether history is for them an avocation or a vocation. It invites to membership educators at all levels, authors and editors of historical studies, administrators of institutions for the study of history, archivists, historic site supervisors, historic preservationists, and those in other professions that promote the study of history. The association welcomes both traditional and non-traditional practitioners and students of history. Please join today!
