

## CONTRIBUTORS

TIMOTHY CUFF is Assistant Professor of History at Westminster College, New Wilmington, PA where he teaches history and geography. This article is part of an ongoing evaluation of geographic variation in the biological consequences of economic development across the history of the Commonwealth.

NICHOLAS EVEN SARANTAKES is a visiting professor of history at the University of Southern Mississippi. He received his B.A. from the University of Texas, M.A. from the University of Kentucky, and his Ph.D. from the University of Southern California. He is writing a book on Richard Nixon and sport and another on the boycott of the 1980 Olympics. His previous articles on these topics have appeared in *The Journal of Sport History* and ESPN.com.

LOUIS WADDELL is an associate historian of the Pennsylvania Historical and Museum Commission, assigned to the Reference Section of the State Archives.

**"Elections in Pennsylvania fills an important void in the literature on the political history of the state. In this single volume a reader can find a veritable treasure trove of statistical information on nearly every statewide elected office from 1900 to 2004. Treadway's analysis of the data reveals important heretofore undiscovered trends in the behavior of Pennsylvania's voters, and he offers thoughtful and incisive explanations of his findings. This is a significant work that deserves to be read by scholars, practitioners, and citizens of the Keystone State."**

—Thomas J. Baldino,  
Wilkes University

## **ELECTIONS IN PENNSYLVANIA** **A CENTURY OF PARTISAN CONFLICT IN THE** **KEYSTONE STATE**

**Jack Treadway**

"There was—until now—no comprehensive history of Pennsylvania politics covering party development, party competition, election results, and voting attitudes in the twentieth century. Treadway remedies this deficiency with a well-researched, clearly written volume that will appeal to a general audience interested in Pennsylvania politics as well as to specialists who seek a one-stop place for data and information not conveniently found elsewhere. Not only does the author pull together material not readily available, but he also assesses it in a way that makes a significant contribution to Pennsylvania political history."

—G. Terry Madonna,  
Franklin and Marshall College

The most comprehensive state election study ever undertaken, *Elections in Pennsylvania* provides data and analysis for more than 13,000 general elections and more than 6,000 primary elections held in the state between 1900 and 1998, with a postscript examining in less detail the elections of 2000 and 2002. Included are all elections for president, governor, U.S. senators and representatives, statewide offices, and members of the General Assembly. The extensive period of time covered allows the author to provide an important historical perspective on electoral trends, distinguishing what are genuinely new developments in electoral dynamics and voting behavior in recent decades from what are continuations of patterns earlier in the century.

## **Native Americans' Pennsylvania**

By Daniel K. Richter

**New:** In this ambitious history, Daniel K. Richter recounts the story of Native Americans in the Keystone State. Recognizing that Native American history does not begin with the arrival of Europeans, and does not end with their relocation on reservations, the author pays significant attention to the millennia before contact, as well as to the developments of the nineteenth and twentieth centuries. (2005) 100 pages. \$12.95.

**WRITING THE AMISH**  
**THE WORLDS OF JOHN A. HOSTETLER**  
 Edited by David L. Weaver-Zercher

Co-published with Pennsylvania German Society

“John Hostetler’s quiet influence has reached every aspect of Amish studies. He knows more about the Amish than anyone else, for he combines the experience of being raised Amish, of having Amish siblings, with academic studies on most aspects of Amish culture. . . . But his contributions have gone much farther than academia. By influencing the dominant culture, he has contributed to the growth and survival of the culture he chose to leave.” —Gertrude E. Huntington

*Writing the Amish* both recounts and assesses Hostetler’s Amish-related work. The first half of the book consists of four reflective essays—by Donald Kraybill, Simon Bronner, David Weaver-Zercher, and Hostetler himself—in which Hostetler is the primary subject. The second half reprints in chronological order fourteen key writings by Hostetler with commentaries and annotations by Weaver-Zercher.

**THE PENNSYLVANIA GERMAN BROADSIDE**  
**A HISTORY AND GUIDE**

Don Yoder

Co-published with the Library Company of Philadelphia and the Pennsylvania German Society

“Don Yoder delves deep into the history of this elaborate form of printing, providing German terminology along with more than 200 elaborate illustrations and photographs. This beautifully designed hardcover book would be an attractive addition to any history buff’s coffee table.” —*Pittsburgh Magazine*

Fifteenth-century Germany was the birthplace of movable type and of one of its powerful consequences, the broadside. These mass-produced printed sheets allowed both the Renaissance and the Reformation to spread with speed, and when German immigrants made their way to North America, the broadside followed. *The Pennsylvania German Broadside* examines the history and legacy of these printed sheets within the Pennsylvania German community.
