The Commander in Chief with the Highest Satisfaction Expresses his thanks to the Officers & soldiers for the fortitude & Patience with which they have sustained the ffatigues of the Campaign, altho' in some Instances we unfortunately failed yet upon the whole, Heaven hath smiled upon our Arms & Crown'd them with signal success & we may upon the Best Ground Conclude that by a Spirite Continuance of the Measures Necessary for our defence, we shall finally attain the end of our War for Independence, Liberty & Peace, these are Blessings worth the contending for, at every Haz<sup>d</sup> but we Hazard Nothing the Powers of America alone duly executed would have nothing to dread from the force of Brittain but we stand not wholly up on our own Ground France yields every Aid we ask, & there are Reasons to believe the Period is not very distant when she will take a more active part by Declaring War against the Brittish Crown, every Motive therefore urges nay Commands us to a Manly preserverence in our opposition to our Cruel Oppres-

sors to slight difficultys endure Hardships & Contemn every Danger—the Gen' wishes it was in his Power to conduct the Troops into the Best Winter Quarters, but where are those to be found shou'd we retire into the Interior parts of the Country we shou'd find them Crowded with Virtuous Citizens who Sacrificing their All have left Philadelphia & fled Hither for Protection to this Distress Humanity forbids to add, this is not all we shou'd leave a Vast Extent of fertile Country to be dispoiled & ravaged by the Enemy from which they would draw vast supplies & where Many of our firm friends wou'd be Exposed to all the Mercies of the Most Insulting & wanton depredation. A Train of Evils might be enumerated but these will suffice. These Considerations make it Indispensably Necessary for the Army to take such a Possition as will Enable us most effectually to prevent distress & give the Most extencive security & in that Possition we must make ourselves the Best shelter in our Power with Alacrity & Diligence. Hutts may be erected that will be dry & warm in these the Troops will be compleate, more secure against the surprize than if in a divided situation, & at hand to Protect the Country. These cogent Reasons have determined the Gen' to take a Post in the Neighborhood of this Camp & Influenced by them he Persuades himself that the Officers & Soldiers with one Heart & one mind will Resolve to Surmount every difficulty with a fortitude of Patience becoming their P'session & the Sacred cause in which they are engaged, he Himself will share in the Hardships & partake of every Inconvenience.

Tomorrow being the Day set apart by the Hoñble Congress for Publick Thanksgiving & Praise & Duty Calls us Devoutly to Express our grateful Acknowledgements to God for the Manifest Blessings he has Granted us the Gen' Directs that the Army remains in its present Quarters & that the Chaplains performe Divine Service in their Sev' Corps and Brigades & Earnestly Exhort those who absence is not Indispensible Necessary for to attend with Reverence the Solemnities of the Day.
