

# REPORT OF THE TREASURER

TO THE MEMBERS AND COUNCIL OF  
THE HISTORICAL SOCIETY OF PENNSYLVANIA:

It is the custom of The Historical Society of Pennsylvania and the specific order of Council, that the accounts and records of the Society for each year be examined by Certified Public Accountants. This has been done and the complete report of Charles S. Rockey & Co. is on file in the Treasurer's Office of the Society and may be examined by any member upon application.

The Treasurer has reviewed this complete report covering the operations of the Society for the year ended December 31, 1951. Based on the information contained therein and on other available data the following comparisons and comments are respectfully submitted as showing the results of the operations of the Society for the year 1951:

*Special Appropriations made by Council:*

Publication of <i>The Pennsylvania Magazine of History and Biography</i> .....	\$4,296.49
TOTAL DEPARTMENTAL EXPENSES.....	<u>\$81,775.24</u>
SURPLUS FOR 1951.....	<u>\$12,285.72</u>
Pension Fund Reserve.....	\$52,451.97

In 1950 the total income of the Society was \$100,674.39, while in 1951 it was only \$94,060.96. This difference is explained by the fact that during 1951 the Finance Committee continued its policy of strengthening the portfolio. Last year the over-all yield from investments was 5.81%. This year it was 5.45%, a difference of about \$5,900. Unfortunately, there is no reason to suppose that the situation will improve in 1952. In fact, it is doubtful that it will be as good, because heavy taxes will tend to prevent many companies from paying extra dividends.

The total departmental expenses do not include bonuses to employees, the cost of the Cumulative Index, and other special expenditures which have regularly been charged to Surplus. In 1951 bonuses were \$7,650, the Index was \$7,520, and other special expenditures amounted to \$7,971—a total of \$23,141. In 1950 our total expenses, including such items, were \$80,865.73, which compares, in 1951, with \$81,775.24. When the special expenditures (above) of \$23,141 are added to the 1951 budget expenditures of \$81,775, the total amounts to \$104,916, nearly \$9,000 in excess of the 1951 income of \$94,060. We estimate that expenses for 1952 will be \$95,918. This increase in the 1952 budget is caused chiefly by salary increases of \$4,220 and by the inclusion of the regular year-end bonus of \$7,700, formerly charged to Surplus.

I can assure you that the Society is being economically run and that no money can be saved in our operating expenses without lowering our standard of service. It is not my function to dwell on the necessity of salary increases. All have been unanimously approved by Council.

We must recognize the possibility that unless something is done the Society may run at a small loss for 1952, irrespective of the Cumulative Index expenses. It is estimated that the Cumulative Index will cost approximately \$10,800 in 1952, which will again be charged to Surplus. If 1952 sees the completion of the Index project, expenses attendant upon the publishing of the work will still have to be faced in 1953.

On the more favorable side we have an earned surplus of \$41,235.01 and a special reserve of \$50,000. However, based on the present need for \$10,800 for the Index in 1952, and \$5,000 for a possible loss in operating the Society, the Surplus can soon be exhausted. Furthermore, it should be emphasized that the estimated operating expenses do not provide for any major maintenance expenditures.

I wish to thank the Finance Committee, and Wm. C. Tuttle in particular, for their friendly co-operation.

F. R. KIRKLAND, *Treasurer*
