To bring history to the people and the people to history, THE HISTORICAL SOCIETY OF PENNSYLVANIA, an independent, nonprofit research institution, works to expand American history's documentation, accessibility, and use. Founded in 1824 and significantly augmented in 2002 by The Balch Institute for Ethnic Studies, HSP serves as a vital gateway to historical resources and understanding for educators and researchers, regional heritage preservationists and presenters, and community history partners. HSP preserves and explores the origins, diversity, and development of Philadelphia, Pennsylvania, and the nation as one of the great repositories of United States history, as the preeminent library of Pennsylvaniana, and as a distinguished publisher and educator.

The preservation and care of HSP's extraordinary collections and the funding for its various programs and publications is made possible through the generous support of HSP's members, friends, and donors.
