

# INDEX

## By Author

Anderson, Chris S. - Michigan Technological University <i>Pre-College Programs at Michigan Technological University</i>	41
Anderson, Mary R. - Arizona State University <i>Graduate Reentry/Career Change Program in Industrial Engineering</i>	109
Baum, Eleanor - The Cooper Union <i>The Climate for Women in Engineering</i>	139
Berman, Marilyn R. - University of Maryland at College Park <i>Summer Study in Engineering Program for Women High School Students</i>	47
Brainard, Suzanne G. - University of Washington <i>Women in Engineering Program Advocates Network</i>	1
Brainard, Suzanne G. - University of Washington <i>Nuts &amp; Bolts of Program Planning: Retention Programs</i>	215
Campbell, Patricia B. - Campbell-Kibler Associates <i>What Works and What Doesn't: Making Evaluation Useful (and Even Fun)</i>	209
Cannon, Carmen B. - Howard University <i>Issues of Diversity</i>	195
Chasek, Arlene S. - Rutgers University <i>Family Math and Family Science: Parental Involvement Encouraged Early Math and Science Experiences for Girls</i>	57
Clark, Casey - Smith College <i>Smith College Programs for Encouraging Girls in Math and Science</i>	63
Cook, Nancy - University of Washington <i>Washington MESA Summer Program for Girls: Using Computers in Science</i>	75
Daniels, Jane Z. - Purdue University <i>Women in Engineering Program Advocates Network</i>	1
Daniels, Jane Z. - Purdue University <i>The Nuts and Bolts of Program Planning: Pre-College Programs</i>	175
Davis, Cinda-Sue - University of Michigan <i>Summerscience: An Enrichment Program for Eighth Grade Girls</i>	125

Evans, Mary Ann - Iowa State University <i>Conceptualizing a Strong Program by "Redefining Reality"</i>	221
Grubbe, Deborah L. - The DuPont Company <i>Corporate Involvement in College Retention Programs</i>	187
Hauschildt, Leslie Wilson - Metropolitan State College of Denver <i>Cooperative Education as a Retention Tool</i>	25
Hellman, Nancy Bottone - University of Massachusetts - Amherst <i>Retention of Female Students in Engineering</i>	19
Henshon, Elaine - Smith College <i>Smith College Programs for Encouraging Girls in Math and Science</i>	63
Jadrnak, Sharon - The Pennsylvania State University <i>Getting a Program Started: The Development of the Women in Engineering Program at Penn State</i>	161
Kintz, Margie - Intel Corporation <i>Intel Corporation Funding of Academic Contributions</i>	171
Laurich-McIntyre, Suzanne E. - University of Washington <i>An Alumnae's Perspective on Engineering and Involvement in a Women in Engineering Initiative</i>	181
Lazarus, Barbara - Carnegie Mellon <i>Reading for Retention</i>	93
Leventman, Paula G. - Northeastern University <i>Career Transition Programs for Professional Women</i>	103
Mappen, Ellen F. - Douglass College <i>The Douglass Project for Rutgers Women in Math, Science, and Engineering: A Comprehensive Program to Encourage Women's Persistence in These Fields</i>	129
Matyas, Marsha Lakes - American Association for the Advancement of Science <i>Weaving a Network of Early Support for Girls in Science: Empowering Girl Scout Leaders</i>	51
Metz, Susan S. - Stevens Institute of Technology <i>Women in Engineering Program Advocates Network</i>	1
Metz, Susan Staffin - Stevens Institute of Technology <i>ECOES Exploring Career Options in Engineering and Science: A National Science Foundation Young Scholars Program</i>	33
Nair, Indira - Carnegie Mellon <i>Reading for Retention</i>	93
Pierce, Anne L. - University of Hartford <i>The Role of Student Organizations as a Vehicle for Peer Support</i>	29

Reklaitis, Janine - Purdue University <i>A Support Seminar for Freshman Women in Engineering</i>	133
Roffman, Tobi A. - California State University - Northridge <i>The Wise Mentor Program at California State University - Northridge</i>	69
Sanders, Jo - Women's Action Alliance <i>Recruiting Low-Income Women into Engineering</i>	203
Sandler, Bernice Resnick - Association of American Colleges <i>The Chilly Climate in the Workplace, or, Why It Still Hurts to be a Woman in Labor</i>	147
Shakhashiri, Bassam - National Science Foundation Education Directorate <i>The State of the State in Engineering: Women in the Pipeline</i>	9
Taylor, Beth - Illinois Institute of Technology <i>Women in Science and Engineering Program: Encouraging High School Girls' Interests in Math and Science</i>	119
Thorsen, Carolyn Chesnutt - Georgia Institute of Technology <i>Expanding the Pipeline: The Challenges of Pre-College Preparation</i>	81
Tuosto, Cheryl - Michelin Tire Corporation <i>Attracting and Retaining Women Engineers: A Personal Perspective</i>	191
Vetter, Betty M. - Commission on Professionals in Science and Technology <i>Women Graduate Students in Engineering</i>	87
Whigham, Myrna - Iowa State University <i>Program Initiatives at Iowa State University</i>	222
White, John - National Science Foundation <i>NSF Overview: Current Programs and New Initiatives</i>	227
Wiberg, Mary - Iowa State University <i>External Efforts to Redefine Reality</i>	224
Williams, Bobbye - Clarkson University <i>Anatomy of Program Development - A Case Study: Horizons</i>	165
Williams, Carolyn Ruth A. - Vanderbilt University <i>Breaking Down Barriers</i>	155
Witt, Karen J. - Sinclair Community College <i>Project Reentry: What Works and What Doesn't at a Community College</i>	115
