

## INCREASING ENROLLMENT AND RETENTION: A DEAN'S FORUM

**Moderator:** Susan Staffin Metz  
Director, Women's Programs  
Stevens Institute of Technology

Susan Staffin Metz has served as Director of the Office of Women's Programs at Stevens Institute of Technology for the past twelve years. Over 13,000 students, teachers, counselors and parents have participated in programs to encourage young women to pursue study in engineering and science. Currently, OWP focuses on programs for middle school and high school students including a National Science Foundation Young Scholars Program in 1989 and 1990. In addition to her work at Stevens, Ms. Metz is Vice President of WEPAN and responsible for chairing the WEPAN national conferences. She has served on numerous advisory boards to consult with new or established women in engineering and science programs. Most recently she is a member of the advisor board to the Douglass Project for Rutgers Women in Math and Science.

**Presenters:** J. Ray Bowen, Ph.D.  
Dean of Engineering  
University of Washington

M. Lea Rudee, Ph.D.
