

FEDERAL GOVERNMENT FUNDING PRIORITIES FOR ENGINEERING EDUCATION INTO THE 1990S

Moderator: Jane Z. Daniels, Ph.D.
Director, Women in Engineering
Purdue University

Jane Daniels earned a Bachelor's Degree in Sociology from Washington University in St. Louis and both the Master's Degree and Ph.D. in Counseling and Student Personnel Services from Purdue University. Since 1980 she has served as Director of the Women in Engineering Programs at Purdue University and as a consultant to corporations, educational institutions, and governmental agencies both nationally and internationally. Dr. Daniels is the founding president of the Women in Engineering Program Advocates Network and is active in the American Society for Engineering Education, the Society of Women Engineers, and the National Association of Women in Education. Professional interests focus on issues of gender-equity, the freshman experience, and the career development of women.
