

WOMEN IN THE ENGINEERING PROFESSION: WHERE DO WE STAND?

Moderator: Jaclyn Spear
SWE President
Westinghouse Savannah River Company

Jaclyn Spear is a fellow Life Member of the Society of Women Engineers and is currently finishing her term as FY95 Society President. Ms. Spear works as a Senior Engineer in the Systems Engineering Department for Westinghouse Savannah River Company in Aiken, South Carolina, where the company manages and operates the Savannah River Site for the Department of Energy. She previously worked in the Westinghouse commercial nuclear business.

Ms. Spear received her BS in electrical engineering from Cornell University and an MBA from the University of Pittsburgh. She has served the Society internationally as a SWE delegate to the 9th International Conference of Women Engineers and Scientists in England in 1991 and was a member of the first SWE Goodwill People-to-People Professional Exchange to the People's Republic of China and the Soviet Union in 1984.
