

IMPROVING K-12 ACCESS TO SCIENCE THROUGH COMMUNITY COLLABORATION

Moderator

James T. Pippin
Director, Minority Engineering Programs
University of Tennessee

A graduate of North Carolina Central University, Durham, NC James Pippin has been the Director of Minority Engineering Programs at the University of Tennessee, Knoxville for thirteen years. He has held several positions at the University to include Human Resource Staff Assistance and Senior Buyer for the Purchasing Department (a total of sixteen years at the University). Before coming to the University of Tennessee he completed a three year tour with the United States Army overseas, and worked as a senior engineer with General Telephone and Electronics Company. Leaving GT&E after six years, he pursued a career as a professional percussionist with several well-known gospel, blues, jazz and R&B groups. In addition to his present position at the University of Tennessee, Mr. Pippin is a Command Sergeant Major for the Tennessee Army National Guard, and a member of several professional and community organizations.
