

## **INTERNATIONAL PROJECTS FOR PROMOTING WOMEN IN SCIENCE AND ENGINEERING**

### **Moderator**

David Targan, Ph.D.  
Associate Dean of the College  
Brown University

David Targan, Ph.D. was the co-founder (in 1991) of Brown's Women in Science and Engineering (WiSE) program. He is Associate Dean of the College and also Director of Brown's Ladd Observatory. He is also responsible for programs designed to involve science faculty in Brown's efforts to increase academic success of students from under-represented groups in the sciences.
