

RETENTION OF WOMEN IN SCIENCE & ENGINEERING

Moderator

Suzanne Scheff
Director, Women in Engineering Program
University of Kentucky

Sue joined the staff at the University of Kentucky, College of Engineering, as Director of Women in Engineering in 1991. Her involvement with WEPAN over the years has assisted her in creating a "top-notch" women in engineering program directed to over 360 undergraduate and 75 graduate women engineering students. Her experience as an academic advisor for ten years at the University of California, Irvine, prepared her for her assignment as freshman advisor to approximately 400 first-year students each year in engineering. She serves as faculty advisor to the University of Kentucky SWE Student Chapter, and held the position of Student Regional Coordinator (Region G) for SWE from 1994-97. She received her degree in business administration in 1983 from the University of Kentucky.
