

## PROFESSIONAL DEVELOPMENT WORKSHOP

### **Moderator**

Dorothy G. Patterson  
On Loan Project Manager  
Mobil and Beaumont Independent School District

Dorothy is a Professional Engineer with a Bachelor of Science degree in Mechanical Engineering. She is a registered Professional Engineer in the state of Texas. Dorothy is experienced in Project Engineering and Construction Management. She is also experienced in providing maintenance support for Refinery systems and has served as a Materials Engineer and Department Manager of the Materials Group. Dorothy has worked for Mobil Corporation in Beaumont, Texas for eighteen years.

Presently, Dorothy is on Executive Loan to the Beaumont Independent School District serving as Project Coordinator in charge of managing their \$56 million Capitol Improvement Program Projects.

Dorothy works tirelessly in the United Way. In particular, she leads the effort to raise funds from large contractors and serves as the Vice-President for the United Way Board of Directors.

Dorothy is a wife and Mother of two school age children. She is active and a real leader in her Church. She has worked as a Big Sister in the Minority Achievement Program. Dorothy also serves as a Mentor in the Ben Rogers, "I Have A Dream" program. Through Mobil's partnership with BISD, she has worked as a volunteer in local schools. She recently became a board member for the Beaumont Public Schools Foundation and Women in Engineering Programs and Advocates Network (WEPAN).
