

## PROFESSIONAL DEVELOPMENT WORKSHOP

### **Moderator**

Carrie Schade  
Program Coordinator  
The University of Texas at Austin

Carrie Schade is the Program Coordinator for the Women in Engineering Program at The University of Texas at Austin. She currently oversees a program for first year students called FYI (First Year Initiative), runs a Tutorial Assistance Program, and coordinates engineering outreach programs for high school girls. A native New Yorker, Carrie has a B.S. in Business Economics from the State University of New York, College at Oneonta. Her M.Ed. is in Student Personnel Services from the University of South Carolina where she specialized in student learning and development.
