

THE COLLEGE EXPERIENCE: RECRUITMENT AND RETENTION

MODERATOR

Peggy Layne, P.E., is an environmental engineer in private practice. She recently completed a year as a Congressional Fellow in the office of Senator Bob Graham, where she was responsible for water, wastewater, and solid and hazardous waste policy issues. Ms. Layne was formerly a principal at Harding Lawson Associates in Tallahassee, FL, where she managed the office and directed hazardous waste site investigation and cleanup projects. She has degrees in environmental engineering from Vanderbilt University and the University of North Carolina School of Public Health, and has 17 years of consulting experience. Ms. Layne served as president of the Society of Women Engineers in 1996-97, and is currently a member of ASCE's Task Committee on Women in Civil Engineering. She is a registered professional engineer in three states.
