TO OUR MEMBERSHIP:

In recent years The Historical Society of Western Pennsylvania has received many valuable additions to its library, files and exhibits through the interest and generosity of its membership.

We have found that occasionally the owner of a rare piece of Americana or a valuable heirloom pertaining to Western Pennsylvania will be at a loss to know how best to dispose of it. Please know that we are anxious to add such items to our present outstanding library and collection of antiques incident to the early history of our district. Such donations might include letters, diaries, recorded reminiscences, family histories, deeds, books, pictures, glass and furniture.

Since space and objectives are limited, all items offered are passed upon for their appropriateness by our competent staff, and a special committee.

If you have not had an opportunity to attend our Society of late, a visit to inspect recent acquisitions will repay you.

Very cordially yours,
C. A. McClintock
President
Business Members
of the
The Historical Society of Western
Pennsylvania
