

DESTINATION MOON

IS FAR OUT

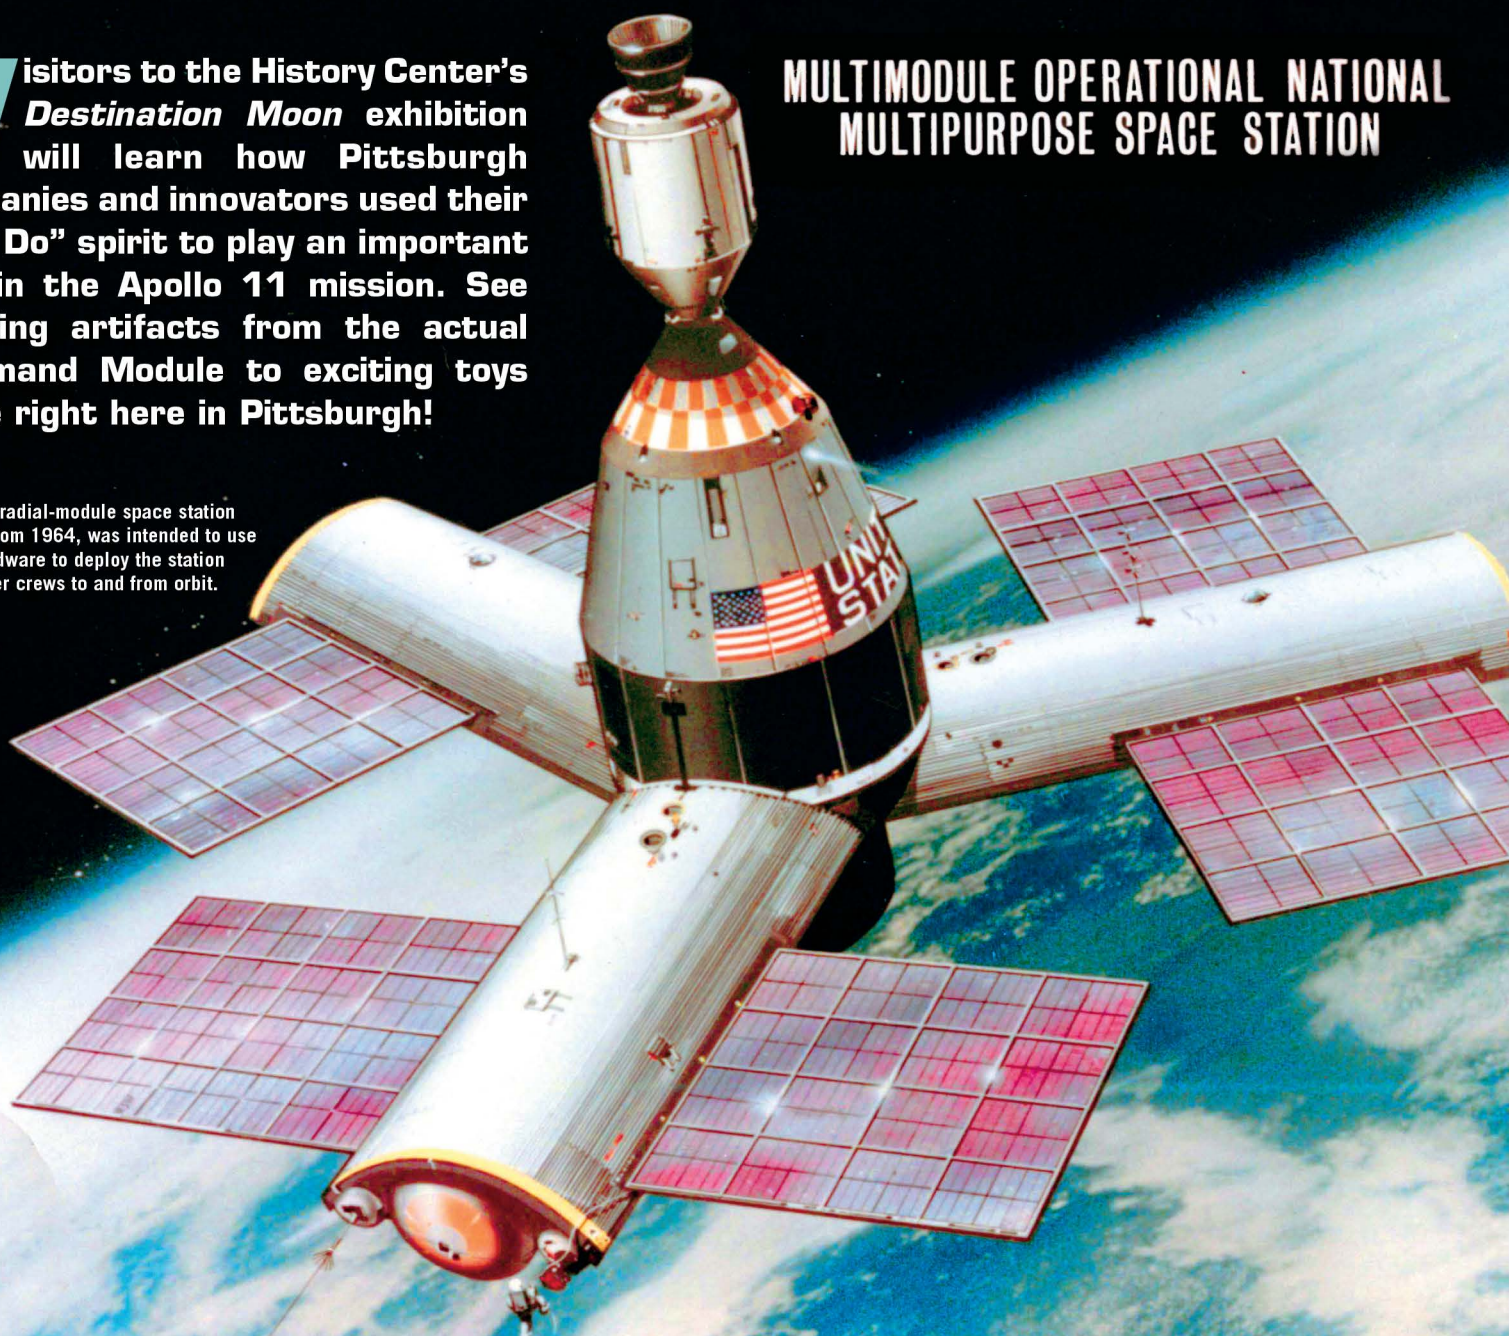

PRINTED IN USA

Visitors to the History Center's *Destination Moon* exhibition will learn how Pittsburgh companies and innovators used their "Can Do" spirit to play an important role in the Apollo 11 mission. See amazing artifacts from the actual Command Module to exciting toys made right here in Pittsburgh!

This three-radial-module space station concept, from 1964, was intended to use Apollo hardware to deploy the station and transfer crews to and from orbit.
NASA, S-64-3704.
