Barn Again!

A traveling exhibit from the Smithsonian Institution

Opening May 7, 2006

Meadowcroft Rockshelter and Museum of Rural Life

Meadowcroft Rockshelter and Museum of Rural Life will kick off its 2006 season on Sunday, May 7, with the opening of *Barn Again!*, a traveling exhibit from the Smithsonian Institution, which will become a permanent exhibit at Meadowcroft. The barn, like the town hall and the skyscraper, is a symbol of America. *Barn Again!* explores the barn as both a cultural and agricultural icon. It examines the building as an architectural structure as well as the origin and fate of the barn in its role as warehouse, factory, and legend.

This "double-shed" barn in Marshall County, Illinois, is just one of the many images in the *Barn Again!* exhibit coming to Meadowcroft. H. Wayne Price
